## Professional Website Set Up with Wix

### OUR WEBSITE KICKSTART SERVICE:

- Establish a website framework
- Custom Branding Integration
- Functionality Testing
- Easy to Use Web Hosting
- Editing & Development Guide

### ↘ Our Process

#### Custom Order

After purchasing this service, we collect details from you regarding your preferred design and features for your website.

#### Creation

MyoBloom begins designing your site, incorporating your practice details and preferences.

#### Testing

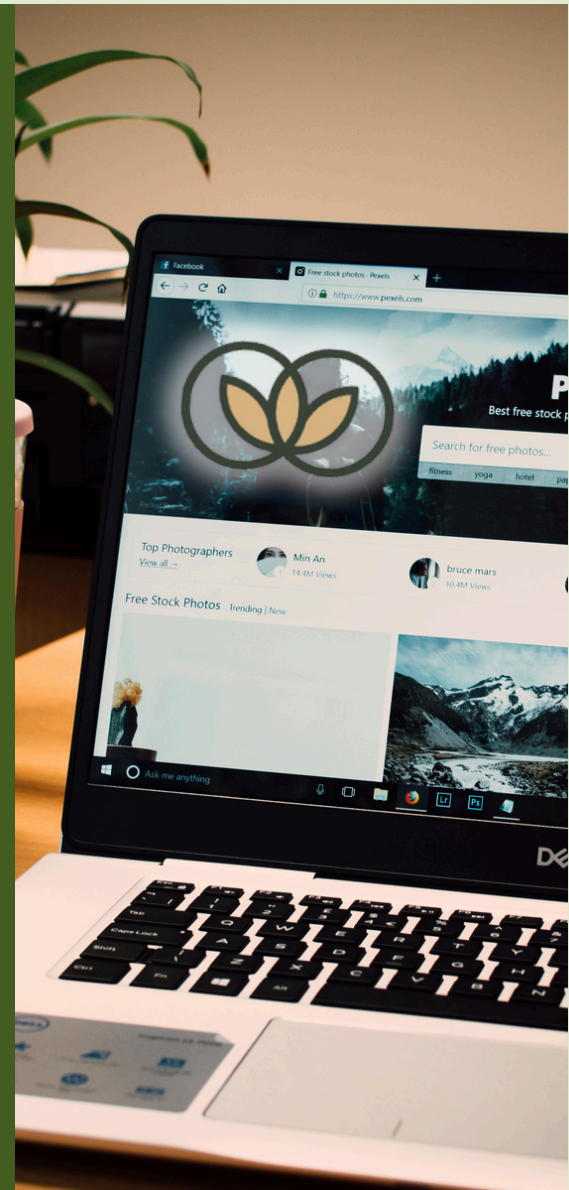

Your site undergoes a usability and functionality audit. Once completed, we notify you for approval and any requested edits.

#### Customization

With the help of our website-building tutorial, you can easily edit and add content to your site.

### ↘ Why Choose MyoBloom

This service is designed for myofunctional therapists seeking a professionally built website with essential features and a fast turnaround at an affordable price.
